

This is a guide that Colesville Nursery recommends using for planting B&B trees. We always want our trees to succeed in the landscape. If you have any questions once you are home and trying to plant, please call or email us. 804.798.5472 or sales@colesvillenursery.com.

Tree Planting Diagram

Structural roots should be just below the soil surface; root flare will not always be visible on young trees.
